Introduction

This report contains a statistical summary of the vehicle and driver population in the Northwest Territories and presents a summary of revenue, driver testing activity, convictions and suspensions. The information in this report is derived from data maintained on the Road Licensing and Safety Motor Vehicle Information System (MVIS). A series of reports are used to extract the statistical information from MVIS.

The information is checked for reasonableness and accuracy by comparing with reports available on MVIS and the Financial Information System (FIS) as well as Northwest Territories population figures. Road Licensing and Safety Headquarters and Regional staff also have an opportunity to review the charts and tables for accuracy. Despite these measures, errors may exist due to data coding and entry, therefore, the information should be viewed with caution.

Report Organization

This report is organized into five sections.

The first section shows the number of registered vehicles by type and region. The table includes all vehicles with a valid registration as of December 31, 2001 and registered to an individual or company with a Northwest Territories address. Duplicate registrations are excluded by counting unique vehicle identification numbers. The breakdown of registered vehicles by type is an approximation based on variables including; vehicle make, vehicle model, vehicle type, style, license plate type, and gross vehicle weight.

The second section presents the characteristics of licensed drivers. The tables include all Northwest Territories residents with a valid driver's license as of December 31, 2001.

The third section presents revenue data from all Road Licensing and Safety Issuing Offices. The revenue is summarized by category, region and Issuing Office for all transactions taking place between April 1, 2001 and March 31, 2002.

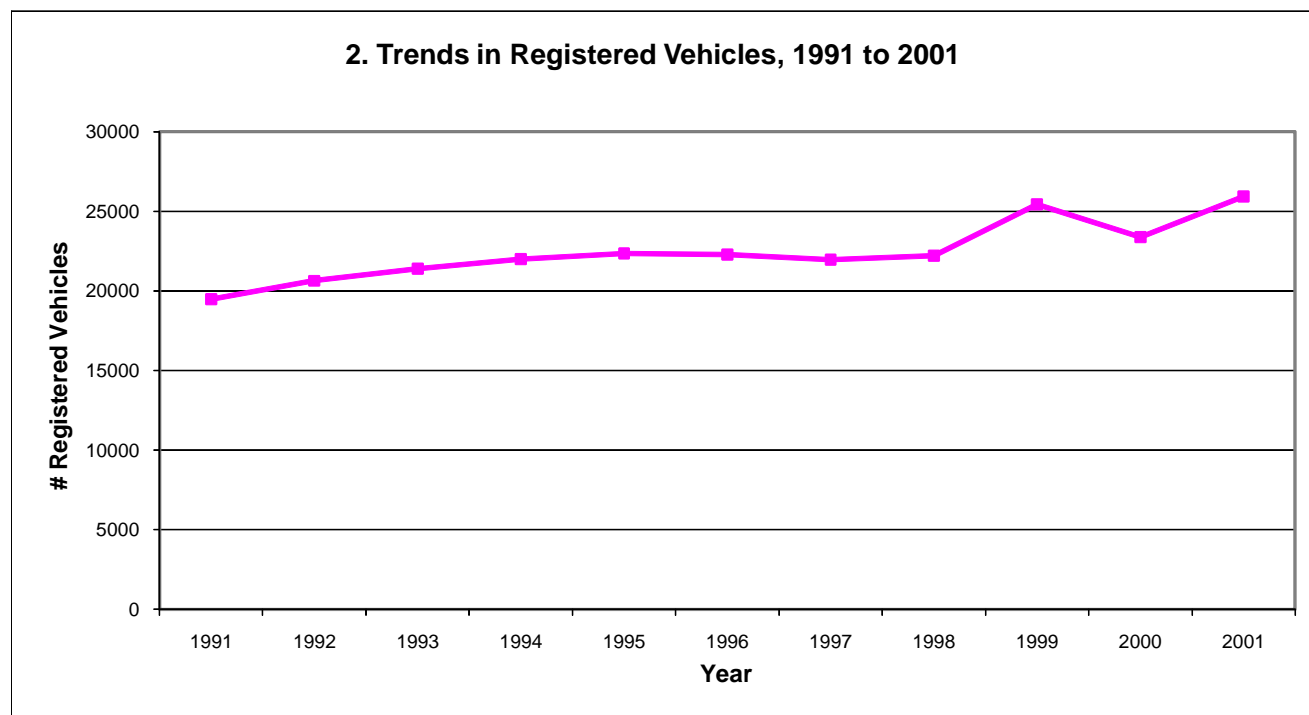

The fourth section shows the total number of driver tests conducted in the Northwest Territories between April 1, 2001 and March 31, 2002 by test type, class and region and shows the corresponding passing rates.

The fifth section presents information on convictions, suspensions and demerit points of Northwest Territories drivers. The tables showing *Criminal Code* and *Motor Vehicles Act* convictions include convictions arising from offences committed by Northwest Territories residents between April 1, 2001 and March 31, 2002. The tables exclude convictions arising from offences committed outside of the Northwest Territories.
